

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Barbara Jenkins
DOCKET NO.: 06-23165.001-R-1
PARCEL NO.: 14-17-314-040-0000

The parties of record before the Property Tax Appeal Board are Barbara Jenkins, the appellant; and the Cook County Board of Review.

The subject property consists of a 101-year-old, two-story, two-unit apartment building of masonry construction containing 2,298 square feet of living area and located in Lakeview Township, Cook County. The apartment property includes two bathrooms, a full basement and a one-car garage.

The appellant appeared before the PTAB and submitted evidence claiming unequal treatment in the assessment process as the basis of the appeal. In support of this argument, the appellant offered four suggested comparable properties located within four blocks of the subject. These properties consist of two or three-story apartment buildings of masonry construction and range in age from 68 to 105 years. The comparables include two or five bathrooms one with a half bath and full or partial basements, one with an apartment. Two sites have one-car garages. The comparables contain between 2,250 and 5,973 square feet of living area and have improvement assessments ranging from \$36,139 to \$40,946 or from \$6.81 to \$17.42 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final improvement assessment of \$43,846, or \$19.08 per square foot of living area, was disclosed. The Board of Review failed to report for this hearing and therefore the Property Tax Appeal Board defaults the Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the COOK County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$15,509
IMPR. \$36,991
TOTAL: \$52,500

Subject only to the State multiplier as applicable.

PTAB/TMcG. 7/08

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Illinois Supreme Court has held that taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). The evidence must demonstrate a consistent pattern of assessment inequities within the assessment jurisdiction. After an analysis of the assessment data, the Board finds the appellant has overcome this burden.

The PTAB finds the appellant's comparables are similar to the subject, especially comparables two and three. These two properties have improvement assessments ranging from \$16.88 to \$17.42 per square foot of living area. The subject's per square foot improvement assessment of \$19.08 is above this range of properties. After considering adjustments and the differences in the suggested comparables when compared to the subject property, the PTAB finds the evidence is sufficient to effect a change in the subject's assessment.

As a result of this analysis, the PTAB finds the appellant did adequately demonstrate that the subject apartment building was inequitably assessed by clear and convincing evidence and a reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
